## After School Opportunities

### Homework Club (Grades 4-6) Mondays, Tuesdays and Wednesdays

Students in grades 4-6 who have been identified by their classroom teacher as having academic difficulty or trouble getting assignments done on their own are invited to attend homework club. A certified teacher is always in attendance and available to provide assistance as necessary. Please understand this is not to be confused with an individual tutoring session, but instead this program has been established to provide a quite structured environment for students to work their assignments. Teachers will monitor student progress and check assignments as time provides.

### PSSA Prep Classes (Grades 3 and 5)

In an effort to help prepare our students for the 3<sup>rd</sup> and 5<sup>th</sup> grade PSSA State Assessments the following remedial prep classes are offered to students who teachers have identified as needing extra assistance. As with all elementary after school activities, parents must provide transportation home from these activities.
